WDS ADVANTAGE

- Gives WDS asset based distribution centers in the three (3) largest port markets on the East Coast - Savannah, Newark and Norfolk
- Proximity to port allows for quick freight turnaround times and the ability to meet last minute export shipments
- Secure facility is fully fenced and equipped with cameras, and remotely monitored burglar and fire systems
- Large concrete yard allows for large volume accounts and container storage
- EDI capable state-of-the-art WMS systems provides 24/7 real time visibility to critical receiving, inventory, shipping and financial data
- Nationwide FTL (dry van, flatbed, reefer and over-dimensional) services
- Additional 100,000 feet² of contiguous expansion space is available
