Port of Virginia

WORLD DISTRIBUTION SERVICES

WHY WDS?

440,000 SQUARE FEET ALL THE POSSIBILITIES

Capacity & Flexibility

Meet fluctuating customer demands, distribute your products to major retailers or directly to consumers all through one platform. Our flexible distribution centers were built with you in mind and scale to meet your needs, no matter the season.

See More With Data

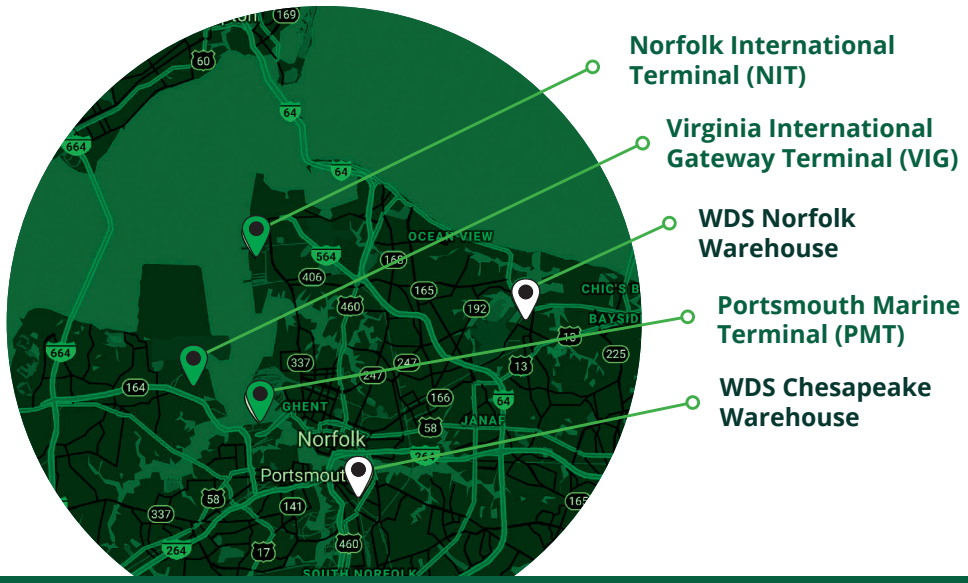

Our technology gives you real-time visibility into your inventory, orders, and shipments – making your life easier and your business more profitable. Whether you need an email report or a full system integration, we're on it!

Partnering for Growth

Speed up deliveries, cut logistics costs, and guarantee customer satisfaction when you work with our seasoned supply chain experts who help optimize your distribution strategy with solutions to grow your business.

Access to Suit You

Our facilities are strategically located near I-64; keeping you close to the Port of Virginia's container terminals and rail yards for reduced port drayage costs and quick transportation across the nation. **We handle same day orders for 1- and 2-day delivery.**
